### Day Pass

**Adult** ..... \$4.50  
**Child (6-14 years)** ..... \$2.50

A Day Pass gives you unlimited rides for one day on all regular bus and C-Train service. There are two ways to validate your day pass.

1. If you start your trip by bus, have the Operator punch out the appropriate day and month.
2. If you start your trip by C-Train, validate your day pass in the ticket vending machine.

Day Passes for the current day can also be purchased from ticket vending machines at C-Train Stations.

**Tickets**

**Book of 10 tickets: Adult** ..... \$ 12.50  
**Child (6-14 years)** ..... \$ 8.50

Each ticket is valid for one ride in a single direction. Current adult tickets are grey in color and child tickets are red.

When boarding the bus, drop your ticket into the farebox. Ask your Operator for a transfer to continue your trip on the C-Train or another bus. A transfer is valid only on the day of issue for one trip in a single direction on the first connecting transit vehicle within 90 minutes of the time indicated thereon.

When using the C-Train, be sure to validate your ticket at a ticket vending machine before entering the Fare Restricted Area. When transferring from the C-Train to a bus, present your ticket to the Operator. Please do not put validated tickets into the farebox.

## Cash

**Adult** ..... \$1.50  
**Child (6-14 years)** ..... \$0.90

If you're riding the bus, deposit EXACT CASH into the farebox when boarding. Calgary Transit bus Operators do not provide change.

If you're changing bus routes while on the same trip, ask your Operator for a transfer. A transfer allows you to board the first connecting bus or C-Train within 90 minutes of the time that you received the transfer. If you have to make several transfers, ask the Operator to check the transfer to ensure that it will remain valid for your entire journey. Transfers do not give the holder the right to stop over.

When using the C-Train be sure to purchase your ticket from a ticket vending machine or validate your previously purchased ticket or Day Pass before entering the Fare Restricted Area.

These machines require exact change in coins only and will accept "loonies." **Please remember, these machines do not provide change.** Change for the ticket machines is not available at all stations.

Be sure to bring exact change with you.

### C-Train Accessibility

All northwest, northeast and downtown platforms are accessible for persons with limited mobility. On the south line, Ertton/Stampepe, 39th Avenue, Chinook, Heritage and Southland stations are accessible. Anderson and Victoria Park/Stampepe stations are scheduled for future improvements.

### The Buses Everyone Can Ride

Calgary Transit operates accessible low floor buses on several transit routes. The unique low floor design and retractable ramps on these buses make them easier for all customers to use, including people who use wheelchairs or have difficulty climbing stairs. Accessible low floor buses will serve most trips on the following routes:

- 1 - Bowness/Forest Lawn
- 2 - Killarney 17 Avenue/Mount Pleasant
- 6 - Killarney/26 Avenue
- 9 - Varsity Acres/Bridgeland
- 10 - Market Mall/Southcentre
- 13 - Mount Royal
- 18 - Lakeview
- 19 - 16 Avenue North
- 20 - Heritage/Northmount
- 24 - Ogden
- 31 - Downtown Shuttle
- 72/73 - Circle Route

For more information about low floor bus service, refer to the "Accessible Transit Rider's Guide," pick up specific route schedules or call Calgary Transit Customer Services at 262-1000.

### Wheelchair Passengers

Persons travelling in wheelchairs need strength and mobility to board and exit low floor buses and to use

the wheelchair securement straps. Calgary Transit strongly recommends that wheelchair passengers travel with a companion or attendant who can assist them. Calgary Transit also advises wheelchair passengers to exercise caution when boarding and exiting low floor buses, to have anti-tip devices installed on their chairs, and to apply their wheelchair brakes when the bus is in motion.

### Courtesy Seating

A courtesy seating area for persons with limited mobility has been designated near all C-Train and bus doorways. Calgary Transit encourages customers to allow persons with limited mobility to use these seats.

### "Next Stop"

The "next stop" sign at the front of the bus lights up and a bell rings when a customer pulls the cable along the bus windows or pushes the button on the vertical grab bar in the priority seating area. This informs passengers with a hearing or visual impairment that the bus will stop at the next zone.

"Stop Request" allows passengers to get off buses at locations along the route other than the regular bus stops, after 9 p.m.

**The request must be made to the operator at least one stop ahead of the stop requested. To meet your request, the operator must be able to stop safely.**

For information on this service, speak to your Operator or call Calgary Transit Customer Services at 262-1000.

## Ride Safe

### At the Station...

▼ At the edge of every C-Train platform, you'll see a yellow line. This line provides you with a safe clearance from arriving trains and train mirrors. Always stand behind the yellow line until your train comes to a full stop.

### Boarding the train...

- ▼ Please let passengers unload before you board the train.
- ▼ Never stick your arm, leg, briefcase or any other object into the closing doors.
- ▼ Never try to pry the doors open.
- ▼ After boarding, please move toward the centre of the car.

### On the train...

▼ Inside every C-Train you'll see yellow lines, plus signs that advise you to clear the door areas. These provide you with a safe clearance from the doors as they open inward.

### Leaving the train...

- ▼ Please move toward a doorway before the train arrives at your stop.
- ▼ To open the doors, use the interior door button located on the grab rail in each doorway. When the doors are ready to open, this button will light up and display the "Press to open door" message.

## C-Train Safety And Security

### Let's Talk C-Train Safety

The standard safety features on the C-Train which are in effect when passengers are boarding or leaving the train are:

- ▼ Sensitive edges at the centre of the doors which will cycle the doors open on objects 22 millimeters (or 7/8ths of an inch) thick or greater.
- ▼ A photo-electric beam near floor level. This beam recycles the doors open when the beam is interrupted.
- ▼ When the light on the door button is off, the door will not open and safety features are not active.
- ▼ As long as the train doors are open the train cannot move.
- ▼ An automatic three-second delay. This keeps the train at the platform after the doors are closed.
- ▼ Heated rear view mirrors to give Operators clearer vision in all weather conditions.

To improve passenger safety, Calgary Transit has equipped every C-Train car with the Transit Help Intercom System, which provides two-way communication between the passenger and C-Train Operator in case of emergency.

If you have comments or specific concerns about C-Train safety, please call Calgary Transit Customer Services 262-1000.
